

## DIRECTIONS AND PARKING FOR THE “SEA DRAGON” HORSESHOE BAY – SEWELL’S MARINA

Take Highway #1 West, following signs to Horseshoe Bay. Stay in the far left lane, and exit left at the Horseshoe Bay “Village” sign, 500 meters before the ferry terminal. You will get onto Keith Road, which dead ends on Bay Street, at the water. Turn left on Bay Street, then right into the first parking lot you see, beside a fountain with a large boat propeller. (There is a yellow coffee shop called “The Lookout” in this lot). Go to the far end of the parking lot, closest to the ferries, and quickly drop off your dive gear. **YOU CAN NOT PARK IN THIS PARKING LOT!!!** There is ample parking at several locations in Horseshoe Bay. The BC Ferries have both an outdoor lot (closest) and underground parking. This costs \$10.00 for the day. At the pay parking behind Bay Moorings Restaurant, you can park for \$12/day. Street parking is available for free, but it is only for 2-3hrs max, so this is not long enough for a regular 2-tank dive charter. After parking your car, you can get a wheelbarrow to transport your gear to the boat. Go down the dock finger that is closest to the ferry docks. You need a loonie for the wheelbarrow, which is refunded when you return it. (Like a shopping cart.) The “Sea Dragon” is a 37’ grey Alwest with a dive flag painted on the side – it’s hard to miss! Our phone # is (604) 329-3486. (329-divn’)  
**(NOTE – From November through March the boat is on the west side of the marina, at the fuel dock in front of the Boathouse Restaurant)**
